Domes Train Show, 2 Weekends To Run

VP News Express

Early in January we set up the track at the Domes for the train show. The track was where it was landscaped in with the G scale. The plan was to set up the rest of the track on the Friday before the show weekends we run on. Due to a event booking our first run weekend required us to set up on Saturday morning. Setup went well with about 15 members showing to help. We did develop a big problem as the day went on. It was the sand. After running on it we had so many derailments we decided to abandon running through the landscaped area. So now we will finish our last 2 run weekends running a point to point like last year. Read your Gazette for run dates.

Now we need some ideas where we want to locate the new ADA Port-a-potty. A concrete slab will be poured so it has a nice level surface. Please bring your ideas to the February meeting. Speaking of the meeting, please read your Gazette for the date and location.

David G.

Please make sure to pay your 2013 dues.

No changes this year. If you are looking for storage this year, please make sure to get your dues in before February 20th to Bob M. as the Roundhouse Committee will meet at the Membership-BOD meeting.

I am sure no one wants to lose their space.

David G.

HAVE YOU PAID YOUR DUES?

Please mark your calendars for helping at the Domes Show. All run days are Saturday and Sunday. Here are the dates:

February 23 & 24 Date of the All scales Train Show
March 9 & 10 Date of the All Steam Weekend

Setup dates are the Fridays 9am before show-run days. 65 feet of the track will be left in the landscaped area with the G scale for train storage. The trains will be on display on that track for the entire show. So we will have to set up the rest on the Fridays before and take down on Sunday after the shows.

Please note: Due to the domes booking events, dates may change. Notice will be sent on the MLES members yahoo site. If you are not signed up, you will not receive notice.
