Jan 31, 2014 is the deadline for dues and track storage fees. Track assignments will be reviewed at the Feb. 27 BOD meeting. The roundhouse superintendent will assign track storage to members in good standing. The superintendent has the right to fill any open spaces on tracks with t-rail cars as needed. This may be done through-out the year to make it easier to assemble and store trains, for trains that give rides. The buildings are club property and the superintendent reserves the right to make any changes as needed.

Secretary's Report

We do not have a monthly meeting in November due to trainfest. However many of our members gathered at our display at trainfest. Our display was well received as usual. We had many interesting conversations. Wes Martin stopped on Saturday and had lunch with us. He gave us a nice history lesson on the early days of our club. Wes also gave us a generous donation to help us complete our planned projects for the upcoming year. Thank you, Wes. As we close out another we want to offer a Merry Christmas to all.

VP News Express

Novembers event was Trainfest. Our display looked great and many members were there for setup, show and tear-down. Thank you to all who came to help. The December meeting will be a important one. We will be holding a special election for President of MLES. Gene S. would like to step down. We have so far one who would like to take his place. Jim W. If anyone else would like to toss their name in, please do so. Everyone will receive a paper copy of the December Gazette. You will find your 2014 dues and storage renewal form. Dues and storage fees are staying the same as last. Some changes were made on the form on how storage tracks will be divided up. Also there is now a deadline date for dues and storage fees. Make sure to make the deadline or storage may be lost. Also at the December meeting we discuss future projects for next year. Have a idea, please let us know. Hope to see you all at the December meeting. Please check your Gazette for time and location.
