Station Project is On Schedule

April Meeting Minutes

Dave G. gave a report on the new inspection forms that will be used this year. He also talked on the lease form that will be used to help to satisfy the insurance coverage. This will be reviewed and revisited to finalize this form. We had a discussion on registration of the trains with the state. We reviewed the previous build days and discussed the upcoming work days. Bob M. reported on the completion of the siding project on building 2. Tom B. gave a report on moving the pump house. We decided to buy PL 400 to glue the stringers together for the station project. As of this report I have been at 7 work days. I am very impressed by how much has been accomplished. Everyone that showed up went right to work. There was something to do for everyone. The station project is a huge undertaking, but thanks to a lot of hard work we are making good progress. Thanks to everyone who is helping. Pat C. MLES Sec.

Work Weekend May 16th & 17th 9am to 4pm

Please plan to come out to Railroad Park and help finish up the station project. Jobs for all. Please bring a lunch.

Also do not forget Wednesday work nights. Plenty to do. Come on out and work till dark.

VP News Express

Great progress has been made on the station project at Railroad Park. As of now we are right on schedule with the project. As for budget we are a little over. we had to rent a loader for gravel moving and some trenching for the electrical, air and water. We also cut a tree down and hauled away the brush and even got the stump dug out with the backhoe. Both weekends we rented the loader for 2 days but on return Jeff from Equipment Rentals took a half a day rental off each time. So in the end we saved some money. We also move 5 truck loads of gravel. The deck is coming along well. Wednesday work nights have now started and we will have another work weekend on May 16th & 17th 9am to 4 pm. All help is needed please. We have a job for everyone. We need to have this project finished and ready for the first public run day which is June 28th. We need to start brining donations in again. At the May meeting we will continue with the discussion of the concealed carry/ open carry topic that was brought to our attention. Please make sure you come to the May meeting as there maybe something to vote on. Hope to see you all at the May meeting. Please read your Gazette for times and location. David "G. MLES VP
