Trackwork Continues, Help is Needed

VP News Express

First I want to start out to say Thank You to Lester Hahn for hosting the June meeting. What a awesome place he has. Soon track work for his railroad will be started. Railroad Park track work continues as we speak. We have projects to finish before our busy fall season arrives. Our public train rides have been very popular so far this year. Our new siding at Maple Grove is real helpful as the longer trains can have rolling meets. East Hillside is also done and we hope to have West Hillside done by the end of July. All this depends on how much help we can get out of our members. Wednesday work days have had very low attendance. We need more members to come out and help. The July meeting will be held at the Jackson Town Hall as usual. Hope to see you all at the July meeting.

June Meeting

Bob M. gave the financial report. The maple trees were trimmed and this bill was paid. We reviewed last months report. On old business , our old switch stands will sold. Two stands were donated to Scot D. We had a good opening weekend, with 625 riders. The condition of the track is pretty good. Perry S. reported on the progress on installing the ash pit. A work-day is scheduled for July 16. Attendance at Wednesday night workdays has not been very good. All help is welcomed. A new battery shut-off is being installed on the lifts. Remember to use this when you are done with the lift. We discussed the upcoming public run days. We were reminded that the electro-liner will not be used for public run days. Lester H. hosted our June meeting. He gave a presentation on the San Fellipo Museum.

Sanfillipo House Tour Thursday, August 18th

Mark your calendar for the tour at 10am. We will have 2 hours in the house and 1 hour in the out building. This is open to all MLES members and family. This is a once in a lifetime opportunity and you will be amazed on what you will see. There will be not cost for the tour. We will be planning to use a motor coach leaving from Railroad Park. You must RSVP with me ASAP as we will need a count for the motor coach.
