Pavilion Project Moving Forward

July Meeting

We received the financial report and minutes from June. Under old business, Dave G. reported on the tower project. It is near completion and looks very nice. Jim W. reported on the final cost, and will take care of the money to finish it. Jim will also look into fixing the door on the rear building. Thanks to Dave and Tim D. for taking care of the lawn. Tim is also doing maintenance on the mower. Lester H. will soon need help to get his train project underway. Andy M. reported on the Pavilion project. He is coordinating a few building changes that were requested by us. We have to finalize a few details and get a final quote. We decided to get the needed permits and sign a contract to go forward with the project. We moved some more funds to the pavilion project. We also received some added donations from members. Bob O. will repair a faulty switch on the lift at the steaming bay. A work day was planned. An outing at White Creek is planned. Tom B. asked to display the club rules near the concession stand. Meeting on Aug 17, and Sept. 21. P Cleary MLES Sec

VP News Express

Summer is now half over and soon fall will be here. Projects are moving forward as well. Our track is holding up well and work continues to make things better. Please remember to come out and help on Wednesday night work nights. Before Pumpkin trains start we need to finish the rest of the hill off of the High Line bridge. The tie base is real bad and outside rail needs to be replaced and guardrail added to the bottom of the hill. Our new rail will be delivered soon. We are ready to break ground on the station platform shelter. Drawing are being done so I can get them to the town for permits. We hope to break ground in mid to end of September. We do have a few public run weekends still so please come on out and help and have some fun. Hope to see you all at the August meeting. Please read your Gazette for time and location.

Gazette Now

Available Via Email!

We are trying to reduce the cost and work involved in publishing the monthly Gazette. Printing and distribution costs are escalating and using traditional snail mail makes delivery before the meetings very difficult. We know at times the Gazette has arrived after the meeting. Several members are having issues signing up for the Yahoo MLES group. Until we can get everyone up and running in the Yahoo group we will email the Gazette to anyone who is interested. This will not be a back and forth forum. It will just be email delivery of the Gazette. If you would like to ask questions or engage in a forum or discussion you will have to participate in the Yahoo MLES group.

If you would like to receive the Gazette via email, please send an email from the account you want to use to: MLESGAZETTE@YAHOO.COM

Please make sure to send the email from the account you want to use. Also make sure to identify yourself if your name is not part of your email address. Thanks, Your Gazette Crew.
